

Physiotherapy

for adults with learning disabilities

A physio can help you with...

- moving around

- positioning and posture

- walking

- transferring

- after surgery or broken bones

- trying out new physical activities like

→ swimming

→ going to the gym

We can see you at...

- your home

- your work

- your college

- your day service
or in the community

Who we can help

- you

- your family or carer

- your friends

- your support worker

We can support you by...

- trying to do things in a different way
- making it more comfortable for you to do things like

→ lying down

→ sitting

→ moving around

- showing you exercises

- trying new exercises with you

- teaching your family, friends or support workers how to help you

- giving you advice
